Gentlemen:

Enclosed please find a copy of the draft final *Sampling and Analysis Plan for Groundwater Investigations Involving Actinide Drilling-Artifact Contamination, the Industrial Area VOC Plume East Boundary, and Solar Ponds Plume Well Installations* for your review, comment, and approval. The plan has been revised to incorporate comments received by the Department of Energy (DOE) and Kaiser-Hill.

Field activities for these projects are currently scheduled to begin in July 1999. DOE requests that the Environmental Protection Agency and Colorado Department of Public Health and Environment return their comments by July 2, 1999, to facilitate comment resolution and start field activities as soon as possible.

If you should have any technical questions related to this document, please contact Norma I. Castaneda at (303)966-4226 or contact me at (303)966-5918.

Sincerely,

Joseph A. Legare
Assistant Manager
